# Deako Single Pole Simple Rocker Switch

Easy to control paddle rocker switch

A beautifully designed rocker switch for any room in the home. The Deako simple pole rocker switch offers a smooth operation. The paddle rocker switch is easy to control and made from high-impact resistant thermoplastic for extended service life. Deako's faceplates and backplates are specifically designed for all Deako switches and come ready to install in your home. The faceplate can easily be removed to click switches in and out of the backplate, allowing for flexibility in switch placement.

## Features

- Features a large paddle that turns the light or fan on/off
- Smooth operation
- The rocker switch can easily be changed out to upgrade to a Deako smart product

## Applications

- Works in all single pole applications
- Use With Deako backplate and faceplate for a seamless fit
